The Journal, some two years ago, was fearful that the election of Mr. Kaye Mayor of Louisville would stop supplies to Rosecrans' army. He therefore supported Mr. Crawtord and opposed Mr. Kaye. Mr. Kaye was elected Mayor and the supplies to General Rosecrans' army were not stopped. Now, the Journal whines over Mr. Tom; per.'s election, and says "that not withstanding the Journal's opposition, and even the Democrat's support," Mr. Tompport was elected on Saturday. That is inst the state of case. If the Journal supports a candidate, be is sure to be deleated. In fact, to insure his election, he should have the Journal abuse him roundly about something or other. In the contest some years ago, when Mr. Delph was the candidate of the Workingmen's Association, the Journal was most vehement in its opp sition to bim, and the Democrat supported him, and "of course" he was elected. In 1863 the Journal bitterly op poned Mr. Kaye's election-and even insinuate . Plags of tim, and nearly split its . in its earnestness to defeat Mr. Kaye, but the Democrat was for him, and "c course" be was elected.

Of all the candidates for the Mayoralty in the field in the recent election, Mr. Tomppert was our choice, and he was the people's choice. and netwithstanding the Journal's opposition, he received the Democrat's support, and "of course" he was elected.

Now the Journal is sore-headed over another defeat. Why, neighbor, you onghi to be used to it by this time, and bear it more patiently. Don't take on sc-in Yankee parlance, " you hadn't onght to do it."

You aimit that you believe Mr. Tomppert "an honest and good man in his intercourse with his fellow-men, but you caunot call a man a good citizen who is not thoroughly loval." His record, neighbor, is quite as good as

yours in that regard, and a hundred times etter politically. Ail in all, neighbor, don't you think Mr. Tomppert should receive your earty co-operation in all things pertaining to the city's good? So onit your nonsense about stopping supplies and strengthening the army, Sec. Cat loose from such demagoguery, and let us all give a helping hand to the new administration in city affairs.

Large interest has prevented the fall that was expected on the capture of Richmond, but large purchases by brokers of Government stocks has also tended to araest the de-

Among them was the capture of 40,000 prisoners, the surrender of Lee and the capture of Mobile. At the Produce Exchange great excitement prevsiled. The transport Gen. Lyon left the bar off filmington the morning of the 30th. There were about 500 souls on coard, among whom were 204 discharged soldiers, belouging to the 56th liliuols infantry, also 160 paroned and escaped Union prisoners, and about 30 or 40 families at reference. The rest of those about was caused by a barrel of coal oil in the en-gine room. This caused the fire to spread. Boats were lowered, but were smashed by the wheel or swamped by the heavy sea.

The captalu of the steamer was in the first boat with Capt. Wilber of the 56.h Ill., both drowned. Many persons took doors and and pieces of plank and jumbed overboard, but sarge numbers remained on board and but large numoers remained on board and burned to death. The Gen. Sedgwick rescued twenly soldiers and nine of the crew of the Gen. Lyon. It is hoped the schooner may have picked up some. He says among those on board were Thos. W. Smith, Jno. W. On the morning of the flat the rebel troops composed of Wise's, Busared Johnson's and part of Pickett's command, brought from the Chickshominy within the last forty-eight

There is no louger much doubt Lee has determined on concentrating and attempting to save Richmond by whipping Grant and Sher-man in detail. Johnston's whole army is en route to Richmond, and ail non-combattants including families, leaders, &c, are being sen way from the city.

To the Citizens of Louisville. To the Citizens of Louisville.

The committee appointed by the General Council to stend to the disbursement of the beauty fund by leave to call the attention of the citizens to the following facts:

The fund, \$200,000,appropriated by the city, is only sufficient to pay bounty to 666 2 3 men. The amount to this date contributed by the \$25 succeibers to the bounty fund is \$39 200, which will only pay bounties to 140 men. True, the two funds combined will pay for but 797 men. There have been already enlisted to the credit of the city 442 men, a dithere are now 450 men more who other to enlist. When they shall be colleted, it will make the number credited to Louisville 892 men, which is 95 men more tan there we funce (as at present) combined will not provide aware it this number of 892

Loniville 892 men, which it 30 min motor than the two funcs (as at present) combined will pay. Besides, even it this number of 892 men about the paid, there would still be a deficiency o 396 men; and unless this deficiency is made on the draft will be ordered. In addition to the 450 men, now about to be enlisted, others can be procured; they are daily offering at d there will be no difficulty in procuring enough and more than enough men to fill the city's quota and svoid the draft. curing enough and more than enough men to fill the city's quota and avoid the cirk'.

Let the citizene, therefore, come forward at once and subscribe to the fund, so that we may not have to lurn away the volunteers for want of funds to pay the bounty. This we must do, unless the citizene promptly come forward to-morrow; for, as before observed, we have already more men ergaged than the fund will now pay. Let every citizen take an interest in the matter, and not be artisfied alone with subscribing, but let him urge others to come forward and subscribe, and not cease his work till enough money is raised to pay off the city's quota. to pay off the city's quota.
